- All Custom orders require approved shop drawings by NuPlank prior to fabrication.
- Please attach any architectural drawings or elevations of openings with this form.
- Hardware by others, or Blank Doors, require finished hardware schedule to be submitted with form for proper reinforcement set-up and door/hardware conflict approval.
- Lead time varies depending on approved drawings and finish requirements.
- Consult factory for any technical requirements or requests.
- Push/Pull packages #3 and #3.1 have available locking. Consult factory for available locking options.
